Fifth IP & Innovation Researchers of Asia Conference

Nanyang Technological University

1 - 3 March 2023

HYBRID

Welcome Message

Dear Colleagues,

Welcome to the Fifth IP & Innovation Researchers of Asia (IPIRA) Conference! After two years, we can finally meet in person. However, considering the still ongoing challenges for many colleagues in the Asian region and beyond and to allow a broader par, we have decided to host this year's Conference both as an in-person and online event. In particular, while the Opening, Closing, and Plenary Sessions will be hosted in a hybrid format, the Conference's parallel sessions will be hosted as in-person or online sessions.

This year, the IPIRA Conference has reached its fifth Anniversary! Founded in 2019, the Conference continues to provide a forum for intellectual exchanges between researchers interested in IP and Innovation law in Asia and beyond. We hope these exchanges will continue for many years to come. This year, we are again proud to welcome researchers from all nationalities and levels of seniority to meet and discuss their works-in-progress at the Conference.

As in previous years, the Organizers would like to extend their sincere thanks to the presenters, chairs, and participants of the Conference. We also extend our gratitude to the colleagues that have accepted to be part of our Scientific Committee and the many supporting institutions which they represent. No need to say, the Conference would not be possible without the tireless work of many colleagues and student assistants from our respective institutions. We thank them warmly.

We trust that you will find the next four days insightful and will enjoy discussing IP and Innovation-related topics, catching-up with old friends, and meeting new ones. Thank you again for making this event special, and for enriching the house of knowledge with your research and works-in-progress.

The Organizers of the Fifth IPIRA Conference
